

Use of Information 4.1

Engage (e.g. read, hear, view, touch)

Key Question: What information do I expect to find in this source?

In Use of Information 4.1, interact with the information and decide what information is valuable for your task.

"I" Chart

For each of your sources, record something you already know about your topic and predict what else you might learn. Once you have done some research, note what you discovered from each source.

I know...	I predict...	I found out...

I know...	I predict...	I found out...

I know...	I predict...	I found out...
